# JOURNAL OF ANATOMY

CONDUCTED ON BEHALF OF THE ANATOMICAL SOCIETY
OF GREAT BRITAIN AND IRELAND BY

E. H. ASHTON
D. BULMER
R. E. COUPLAND
M. H. DAY
M. J. T. FITZGERALD
J. W. S. HARRIS
R. L. HOLMES
F. R. JOHNSON
R. M. H. McMINN
G. J. ROMANES

H. J. GAMBLE (ACTING EDITOR)
THE LATE J. J. PRITCHARD (EDITOR: DECEASED, 10 APRIL 1979)

VOLUME 129
AUGUST - DECEMBER 1979

# Contents

## PART 1 AUGUST 1979

PAGE

The origin of the neural macrophage: a quantitative ultrastructural study of cell population changes during Wallerian degeneration. By J. D. GIBSON . 1

Metrial gland cells in deciduomata of pseudopregnancy. By S. PEEL., I. STEWART and D. BULMER . . . . . 21

A semithin light microscopic, transmission electron microscopic and scanning electron microscopic study of macrophages in the lateral ventricle of mice from embryonic to adult life. By R. R. STURROCK . . . . 31

Morphometric observations on the kidney of the camel, *Camelus dromedarius*. By M. A. ABDALLA and O. ABDALLA . . . . . 45

Changes in the surface fine structure of rat third ventricular ependyma following chronic acetazolamide treatment. By S. ROY CHOUDHURY, NABIL A. AZZAM and J. MICHAEL DONOHUE . . . . . 51

The distribution of nuclei in imprints of feline osteoclasts. By W. C. ADDISON 63

Afferent and efferent myelinated fibres in branches of the avian vagus. By A. B. ABDALLA and A. S. KING . . . . . 69

Quantitative studies of the regeneration of rat myelinated nerve fibres: variations in the number and size of regenerating fibres after repeated localized freezings. By JEAN-CLAUDE MIRA . . . . . 77

Basic stereological relationships for quantitative microscopical anatomy – a simple systematic approach. By T. M. MAYHEW . . . . . 95

The lateral vestibular nucleus of the rat, with a note on its dorsal extension into the cerebellum. By K. M. SHAMBOUL . . . . . 107

The ultrastructure of the sweat glands of the ox, sheep and goat during sweating and recovery. By D. MCEWAN JENKINSON, I. MONTGOMERY and H. Y. ELDER . . . . . 117

Paraformaldehyde-induced fluorescence as a histochemical test for 5-hydroxy-tryptamine in the epididymis of the opossum. By MARK E. ANDERSON, ANTHONY A. PAPARO and JAN MARTAN . . . . . 141

Evidence for autonomic paraneurons in sympathetic ganglia of a shrew (*Tupaia glis*). By CHRISTINE HEYM and TERENCE H. WILLIAMS . . 151

Calcaneocuboid joint and stability of the longitudinal arch of the foot at high and low gear push off. By FINN BOJSEN-MØLLER . . . . 165

The origin of microglial cells. By J. BOYA, J. CALVO and A. PRADO . . 177

IN MEMORIAM: WALTER R. INGRAM . . . . . 187

BOOK REVIEWS . . . . . 189

PROCEEDINGS OF THE ANATOMICAL SOCIETY OF GREAT BRITAIN AND IRELAND, MARCH 1979 . . . . . 191

PART 2 SEPTEMBER 1979

PAGE

Retrograde axon reaction in the lateral vestibular nucleus of neonatal and adult rats. By K. M. SHAMBOUL . . . . . 225

A comparison of the processes of ventricular coarctation and choroid and ependymal fusion in the mouse brain. By R. R. STURROCK . . . 235

Failure of central axonal regeneration after immunosuppressive treatment. By M. BERRY, A. C. RICHES, J. KNOWLES, P. WILLIS and D. STEERS . . 243

Arterial segmentation in the spleen of the sheep (*Ovis aries*). By S. C. GUPTA, C. D. GUPTA and S. B. GUPTA . . . . . 257

Isolation and characterization of endothelial cells from rat and cow brain white matter. By P. PHILLIPS, PAT KUMAR, S. KUMAR and M. WAGHE . 261

Alterations in liver dehydrogenases during tail regeneration in the gekkonid lizard, *Hemidactylus flaviviridis*. By R. V. SHAH, J. S. KOTHARI and P. K. HIRADHAR . . . . . 273

Effect of catecholamines on lymphopoiesis in fetal mouse thymic explants. By UPENDRA SINGH . . . . . 279

Fibre number and fibre size in a surgically overloaded muscle. By HILARY S. VAUGHAN and G. GOLDSPINK . . . . . 293

Aprocrine secretion in the terminal bronchiole of mouse lung. By JOHN E. ETHERTON, IAIN F. H. PURCHASE and BRYAN CORRIN . . . . . 305

The time scale of tooth development and replacement in *Xenopus laevis* (Daudin). By J. P. SHAW . . . . . 323

Torsion in metacarpal bones and bilateral asymmetry. By INDERBIR SINGH 343

Ossification and mineralization in the tendons of the chicken (*Gallus domesticus*). By OSMAN ABDALLA . . . . . 351

Embryo surface morphology during post-gastrula development of the frog, *Bombina orientalis*, as revealed by scanning electron microscopy. By MARK S. ELLINGER and JUDITH A. MURPHY . . . . . 361

Morphological observations on the mesonephros in the postnatal opossum, *Didelphis virginiana*. By WILLIAM J. KRAUSE, J. HARRY CUTTS and C. ROLAND LEESON . . . . . 377

Effects of tenotomy on the motor end plates of fast and slow twitch muscles of the rabbit. By P. L. R. DIAS . . . . . 399

Efferent connexions of the pars lateralis of the substantia nigra (SNL). By W. W. KAELBER and A. K. AFIFI . . . . . 405

Calvarial and sutural re-development following craniectomy in the neonatal rabbit. By LAURENCE W. MABBUTT and VINCENT G. KOKICH . . 413

Postnatal changes in the distribution of lipid droplets within the liver lobule of the mouse. By MARI ASADA and SHINSUKE KANAMURA . . . 423

PAGE

Cell death during the development of the truncus and conus of the chick embryo heart. By J. M. HURLE and J. L. OJEDA . . . . . 427

BOOK REVIEWS . . . . . 441

PART 3 OCTOBER 1979

Metrical analysis of growth changes in the jaws and teeth of normal, protein deficient and calorie deficient pigs. By D. A. LUKE, C. H. TONGE and D. J. REID . . . . . 449

Morphological observations on the metanephros in the postnatal opossum, *Didelphis virginiana*. By WILLIAM J. KRAUSE, J. HARRY CUTTS and C. ROLAND LEESON . . . . . 459

Ultrastructure and origin of epiplexus cells in the telencephalic choroid plexus of postnatal rats studied by intravenous injection of carbon particles. By E. A. LING . . . . . 479

The role of cartilage canals in the formation of secondary centres of ossification. By J. H. KUGLER, ANNETTE TOMLINSON, ALISON WAGSTAFF and SUSAN M. WARD . . . . . 493

Age-related degenerative changes in the mouse mandibular joint. By MICHAEL SILBERMANN and ERELLA LIVNE . . . . . 507

A scanning electron microscope study of the pineal recess of the adult brush-tailed possum (*Trichosurus vulpecula*). By R. S. TULSI . . . . . 521

Cleft palate development in hamster embryos following triamcinolone treatment. By RAVINDRA M. SHAH . . . . . 531

Dissociation of adult mammalian heart into single cell suspension: an ultrastructural study. By ASISH C. NAG and RADOVAN ZAK . . . . . 541

A stereological study of the trophic effects of the renin–angiotensin system on the rat adrenal zona glomerulosa. By P. REBUFFAT, A. S. BELLONI, G. MAZZOCCHI, P. VASSANELLI and G. G. NUSSDORFER . . . . . 561

The disappearance of the decidua capsularis and Reichert's membrane in the mouse. By A. D. DICKSON . . . . . 571

Forces acting on the metatarsals during normal walking. By I. A. F. STOKES, W. C. HUTTON and J. R. R. STOTT . . . . . 579

Allometric radial growth in muscle, comparing fibres with strong and with weak adenosine triphosphatase activity. By H. J. SWATLAND . . . 591

Experimental induction of premature movement of rat palatal shelves *in vivo*. By VIRGINIA M. DIEWERT . . . . . 597

Demonstration of circadian rhythm in granular vesicle number in pinealocytes of mice and the effect of light: semiquantitative electron microscopic study. By T. KACHI . . . . . 603

PAGE

The chick embryo late primitive streak and head process studied by scanning electron microscopy. By JENNIFER WAKELY and MARJORIE A. ENGLAND 615

The ventricular surface of the subcommissural organ: a scanning and transmission electron microscopic study. By PATRICIA COLLINS and D. H. M. WOOLLAM . . . . . 623

The structure of the excurrent ducts of the testis of the guinea-fowl (*Numida meleagris*). By T. A. AIRE, J. S. AYENI and M. O. OLOWO-OKORUN . 633

Aortic aneurysm in Marfan's syndrome: changes in the ultrastructure and composition of collagen. By MAX SCHECK, ROBERT C. SIEGEL, JAN PARKER, YU-HUA CHANG and JOSEPH C. C. FU . . . . . 645

Regeneration of peritoneum: a fibrinolytic study. By A. T. RAFTERY . . 659

IN MEMORIAM: JOHN JOSEPH PRITCHARD . . . . . 665

BOOK REVIEWS . . . . . 671

PART 4 DECEMBER 1979

The organization of neocortical projections from the ventrolateral thalamic nucleus in the brush-tailed possum, *Trichosurus vulpecula*, and the problem of motor and somatic sensory convergence within the mammalian brain. By J. R. HAIGHT and L. NEYLON . . . . . 673

Cell junctions in the adrenal cortex of the postnatal rat. By G. PALACIOS . 695

Micro-stereological study of the avian epididymal region. By T. A. AIRE . 703

Uptake of marker proteins by glycoprotein-containing cells of the pregnant rat uterus and placenta. By R. SHARMA and S. PEEL . . . . . 707

Mechanoreceptors of the medial collateral ligament of the cat knee joint. By BRIAN L. O'CONNOR and JOSE GONZALES . . . . . 719

Mitotic rate of thyroid follicular cells in untreated and goitrogen-treated rats: variation with time of day. By OLGA REDMOND and A. R. TUFFERY . 731

Sex differences in the formation of germinal centres in the rat thymus. By K. MATSUNO, M. KOTANI, S. EKINO, H. FUJII, S. HARADA and Y. NAWA . 743

The compressive strength of lumbar vertebrae. By W. C. HUTTON, B. M. CYRON and J. R. R. STOTT . . . . . 753

Fine structure of gonadotrophs and prolactin producing cells in the rat pars distalis in organ culture. By T. G. BAKER and B. A. YOUNG . . . 759

Studies on the responses of different types of muscle fibre during surgically induced compensatory hypertrophy. By N. T. JAMES . . . . 769

A morphological study of the development of the mouse choroid plexus. By R. R. STURROCK . . . . . 777

PAGE

Quantitative aspects of the embryonic growth of the intestine and stomach. By R. Sbarbati . . . . . 795

Morphological changes in the right ventricular septomarginal trabecula (false tendon) during maturation and ageing in the dog heart. By Lois C. Armiger, Ferdinand Urthaler and Thomas N. James . . . 805

Changes in the spleen related to birth. By J. Barzanji and J. L. Emery . 819

High resolution scanning electron microscopy of elastic cartilage. By Ellen Holm Nielsen and Peter Bytzer . . . . . 823

A comparison of cell proliferation at different sites within the large bowel of the mouse. By J. P. Sunter, D. R. Appleton, M. S. B. Dé Rodriguez, N. A. Wright and A. J. Watson . . . . . 833

Book Reviews . . . . . 843

Proceedings of the Anatomical Society of Great Britain and Ireland, July 1979 . . . . . 847

Proceedings of the Anatomical Society of Southern Africa . . 889
